

HITSP

Healthcare Information Technology Standards Panel

2009 webinar series . . . HITSP and U.S. healthcare IT interoperability

The Healthcare Information Technology Standards Panel (HITSP) is identifying the standards that will support the exchange of healthcare information across the United States. Learn more about the Panel and how you can engage in shaping the future of HIT interoperability during a series of twelve **free webinars** — one for each month of 2009.

webinar four

National Health Information Network (NHIN) Real World Sites

What you will learn

During this 90-minute webinar, participants will hear from three organizations about how they exchange information between diverse settings of care using HITSP Interoperability Specifications (IS):

- Explore how the North Carolina Healthcare Information and Communications Alliance (NCHICA) uses HITSP IS to give consumers access to clinical information
- Learn about how MedVirginia and NCHICA use HITSP IS to share laboratory results and medication management information
- Discover how the Social Security Administration (SSA) and MedVirginia use HITSP IS to process disability claims
- Identify how patients, providers, and healthcare organizations benefit from exchanging claims in a standardized format

Who should attend

Consumers, government representatives and policy makers, healthcare providers, standards developers, vendors, and any other interested stakeholder.

Presenters

- Geoff Lawson, Director of Information Systems, Morehead Memorial Hospital and Board Member, NCHICA
- Mike Matthews, CEO, MedVirginia
- Martin Prah, Lead Health IT Architect, SSA

Winter '09

MARK YOUR CALENDARS!

The 2009 HITSP webinar series includes a total of twelve presentations — one for each month of the year. **Every session is free!** Participate live or view an archived session on www.HITSP.org/webinars

- January** **Advances in Sharing Information in Healthcare IT State of HITSP**
Thursday, January 15, 2009 — 2:00-3:30 pm Eastern
- February** **Personalized Healthcare Interoperability Specification (IS 08)**
Thursday, February 12, 2009 — 2:00-3:30 pm Eastern
- March** **Consultations and Transfers of Care Interoperability Specification (IS 09)**
Thursday, March 12, 2009 — 2:00-3:30 pm Eastern

Spring '09

- April** **NHIN Real World Sites**
Thursday, April 16, 2009 — 2:00-3:30 pm Eastern
- May** **Immunization & Response Management Interoperability Specification (IS 10)**
Thursday, May 14, 2009 — 1:30-3:00 pm Eastern
- June** **Public Health Case Reporting Interoperability Specification (IS 11)**
Thursday, June 18, 2009 — 1:30-3:00 pm Eastern

Summer '09

- July** **Health Information Exchange (HIEs) in the Real World**
Thursday, July 9, 2009 — 2:00-3:30 pm Eastern
- August** **Patient - Provider Secure Messaging Interoperability Specification (IS 12)**
Thursday, August 13, 2009 — 2:00-3:30 pm Eastern
- September** **Remote Monitoring Interoperability Specification (IS 77)**
Thursday, September 10, 2009 — 2:00-3:30 pm Eastern

Fall '09

- October** **Medication Management Real World Sites**
Thursday, October 8, 2009 — 2:00-3:30 pm Eastern
- November** **Security, Privacy and Infrastructure**
Thursday, November 12, 2009 — 2:00-3:30 pm Eastern
- December** **Real World Sites - TBA**
Thursday, December 10, 2009 — 2:00-3:30 pm Eastern
